To Whom it may concern,

I am writing to gather information on having a home birth. My husband and I are considering a third child and we would like to have this one in our home. We will not be having our next child for at least another year, but we would like as much information as possible, and what needs to be done before things get moving and what costs are involved.

When we had our second child we did ask our doctor if he would deliver at home but we were turned down as he told us he didn't do home births. My delivery's have all been normal, with no stitches required. My health was good and there were no complications with myself or either baby.

My first baby was due 21st sept was born 2nd sept, second baby due 15th April born 16th April.

If you require any further information please contact us at the above address or phone 84515 Gore.

Yours sincerely
Mrs L.N. Cormack.
