Dear Stan.

Please find enclosed a copy ~~the~~<sup>of</sup> the New South Wales home birth statistics form.

Our society wants to standardize our stat forms with these.

We would like your opinion please as to what of this information can be put on computer.

After I've received your ~~reply~~<sup>+ any other comments</sup> I'll be sending a copy ~~of the~~<sup>of the</sup> stat form to all of the domiciliary midwives to determine what criteria they feel is or is not suitable and then will be ~~gettin~~<sup>gettin</sup> in touch with you again. Thanks for your help.

Yours faithfully

Gillian Mcnicoll.
