Dear Stan,

Thank you for your letter to me self and Joan and the copy of the letter to Dr. Lancaster.

I made a mistake when I told Joan that the Midwives hadn't replied to me with comments re the Australian Stat form. On looking back through the minutes of our society's last meeting, I see that I was actually waiting for your comments before I asked for the Midwives' comments. In view of this and further to your letter, would you please send a copy of the form with suggested design changes when available which I will then send to the midwives. I'd also be interested to know what arrangements you make with Dr. Lancaster.

The Nurses' Amendment Bill sounds bad news! Let's hope we can influence some satisfactory alterations to it!

Thanks for your help,

sincerely

Gillian Monicoll.
