RAWENE / HOKIANGA
Ph: Rwe 520

There have been 3 HB in the last year.

- Tracey Dalton: girl Oct. 88.

3rd baby - 2nd HB

Supported by Handy W. + Carly J.

- Tui Bristow: girl, Jan 89

4th baby - 1st HB
(Liz Bowker)

Supp. by dom. midwife, but baby born before midwife arrived.

- Cathy Land: boy Jan 89

5th baby - 2nd HB

Supp. by dom. midwife - Ruth Pouly.

this was the first HB for me, since I got my registration as dom. midwife.

- the birthrooms at Rawene Hospital have changed.

- coloured walls, coloured curtains, double bed,

- new comfortable chairs, one birthing chair.

- thanks to all the HB - support people.

- I tried to set up a "Domino" option, which wasn't accepted by the hospital at this stage

(reasons: who pays the midwife when she is at the hospital)

- there would be 2 midwives on at the same time

- continuity of care is already available,

*- I would like to organize more HB meetings, coffee mornings, etc.

- could I be on the list as contact person for South Hokianga HB-group.

- could all the branches send me their newsletters?

• we had a good afternoon with Pat Gray - talking about ♀ assertiveness, a workshop organized by HB-people.

we used some of the money we got from COGS. (\$1000-)

thank's to Mandy & Carly.
