NATIONAL MIDWIVES CONFERENCE

20-22 APRIL 1983 CANBERRA AUSTRALIA

P.O. Box 432,
MANUKA. A.C.T. 2603
AUSTRALIA

Dear Fellow Midwives,

Australian Midwives Conference to be held
in Canberra, 20-22 April 1983

The midwives of Canberra, Australia's capital city are proud to announce a nationwide conference on midwifery to be held from 20-22 April, 1983.

With the theme of the Art, Science and Spirit of Midwifery the conference aims to cater for a wide range of midwives whether they be in the field of preventive, community or clinical practice.

Canberra is Australia's only fully planned city. Although it has many fine buildings and tourist attractions the city's main beauty is in the private gardens, the public parks and the thousands of deciduous trees. These trees usually reach the peak of colour during the last week of April while the average daily temperature is 22°c.

In order to keep conference costs to a minimum the committee have made arrangements for accommodation to be available at very reasonable rates. Alternatively, package tours including air travel, conference attendance and accommodation will be available through our travel agents.

May we suggest that you combine your interest in midwifery with your 1983 holiday. The Canberra midwives offer our hospitality and would be delighted to organise special programs for overseas visitors.

If you would like to know more about Canberra and to be kept informed about the conference please complete the attached form and return it to:
