

(A branch of the N.Z. Home Birth Assoc.)

Questionnaire For Doctors;

TO DR.

We would appreciate your comments on the following questions, so we can establish the attitudes of Doctors in the Whangarei Area, to the concept of planned Home Birth.

1. Do you attend births?
2. How many enquiries about home birth have you had in the last 2 years?
3. Have you ever attended a birth at home?
If so, what were your feelings about it?
4. Are you prepared to attend planned home births?

If not, why not? (eg. no support equipment, oxygen etc.)
(no domiciliary midwife in Whangarei)
5. Do you know of any other Doctor who may be interested?
6. Would you consider attending planned Home Birth if other Doctors in the area were attending them?

WHANGAREI HOME BIRTH SUPPORT GROUP:

A Branch of the N.Z. Home Birth Assoc. now meets on a regular basis to provide education, information and support to all those involved with, or interested in Home Birth.
