Dear Auckland Homebirth Assoc.

Would you please send me the three immunization papers by Hilary Butler.

Enclosed is a cheque for \$21 = ; postage inclusive.

My partner & I recently had a home birth with Mary Cropper our midwife. When I moved to the area and heard that it was virtually impossible to have a home birth on the Kapiti Coast, we had the birth at my parents' place in Lower Hutt. So while we missed out on a few of the pleasures of a home birth in our own home, we feel very fortunate to have been able to have one at all.

Hopefully, these things will change!
Thank you for your time,

Lori Martin.

P.S. This is not a "re-order" after the fire.
