8th May 1992

Dear Members,

I hope you all received the notification about our meeting in Auckland prior to the homebirth conference. If not, please contact me before 15th May and I'll give you the details.

I'm busy tidying up the last two years of the Society's business - very little, I might add. Some of you will find receipts enclosed for subs & meetings.

I'm also notifying everyone that I no longer want to carry on with the Secretary's role and my feeling is that we need to discuss the future of the DMS at our meeting this year.

Looking forward to seeing those of you that come to Auckland.

Kind regards to all
Bronwen
