

6.7.81.

Dear Lynn,

Many apologies for delay in sending this cheque for Chris' and my subscription to Domiciliary Midwife's Association.

Quite a busy month for me including a really good meeting between Chris and myself and ~~at~~ most of the G.P.'s attending home births in this area. Presented my stats for the time I've been practising but even when presented with the facts of prepared home birth these guys remain incredibly cautious and incredibly unconvinced. Never ceases to amaze me, I guess.

Hope all continues well for you and Jennifer in Wellington.

Sincerely,
Bronwen.

P.S. Have received news of new ~~set~~ stats collection centre and will organise mine since beginning of my practice as soon as I can.
