Dear Sir,

I received from Mrs. B. McFarlane a copy of your letter to her dated 2nd December 1983 re Domiciliary Midwives payment for services.

As secretary of the above society I ask you to proceed with the investigation as requested in Mrs. McFarlane's letter 10th November 1983.

One of the roles of the Home Birth Association is to support the domiciliary midwives and to seek for better payment and working conditions. This sort of support is much appreciated by the midwives as it is difficult to seek to obtain improvements ^{oneselves} when our small numbers are spread so widely across New Zealand.

Thankyou for your attention to this matter,

Yours faithfully,

Gillian McNeill
