Dear Bronwyn,

I am guessing you have now returned from your Australian holiday. Hope you had a really nice time with your Sister - And how did the ICM go? Would love to know how it went and what the general atmosphere was like - hopefully will see you before you forget all about it!

My main reason for writing to you is to let you know I have now registered as a Domestic Midwife and would like to join your Society - I gather you are the secretary at the moment. Also could you let me know how I go about going joining our "union". Adele is very vague and I would like to do something about it as soon as possible as I have no cover whatsoever at the moment. I have an idea it is the PSSA - I am terribly ignorant of these matters - never having ever bothered about it. ^{type} I do however feel a bit vulnerable working alone without some sort of protection. If you could let me know as soon as possible I would really appreciate it.

Hoping to hear from you soon,

Adrienne (Mulqueen)

P.S. I think I can remember Ngaine telling me she told you all about Anna's birth at the Home Birth Conference in Christchurch - we have all recovered unscathed from it and she is now 6 months old & bubbling happily most of the time. A lovely age.
