Mr. J. H. Metcalf,  
Executive Secretary,  
Mental Health Foundation,  
P.O. Box 37-438,  
Barnell,  
Auckland.

Dear Mr. Metcalf,

It is now 3 months since I attended the International Birth and Being Congress in Melbourne funded by the Mental Health Foundation. So much of what I learned is relevant to mental health that rather than send just an evaluation of the Congress I decided to write a full report of the main speakers' lectures as well as my comments on these.

I also enclose details of the work I have done relevant to the Congress since my return and my intentions regarding future work plans.

I would welcome any comments from members of the Mental Health Foundation on my report, and I would be glad to answer any queries.

The financial support of the Mental Health Foundation has been very helpful to me in this work and is much appreciated.

Thank you for your help,

Yours sincerely,

  
Ros. Capper
