Dear Ms Capper

I received your letter and the one from Pamela Skelton and was pleased to learn that the WHB has a suitable property (Owen Street) and was not surprised to hear that rooms in the Women's Hospital were not suitable. What needs to be done is to press for the Owen Street house.

Unfortunately I do not normally attend the Policy and Finance Committee of the WHB or the meetings of the full Board. Therefore I thought that the best thing I could do would be to try and influence certain people. I have written the attached letter to six relevant people who, in one way or another could influence the debate. Whether they do so or are strong enough to win, is in the lap of the gods.

Please continue to keep me informed.

Yours sincerely
