Dear Madam,

I was very interested to read the article by "Mrs ANN  
Eldes" in the Auckland Star a week ago on "HOME BIRTHS".

I have always believed that babies should be  
delivered at home whenever possible, & I wish you every  
success in your endeavours.

The attached copy of letters I have sent to news-  
papers - the first gives my midwifery experience &  
my views on "HOME BIRTHS". I would like to feel that  
this little bit of information will support your  
association.

Once again I wish every success,

Yours sincerely,  
Oliver S. Loader.
