Dear Auckland Homebirth Association,

Hi there and greetings from Australia.

Homebirth Australia is in the process of redoing the membership data base.

The Auckland Homebirth Association is on our lists as one of the groups with whom we exchange newsletters.

Do you wish to continue with this arrangement? Do you still send newsletters? I don't recall seeing any recently and wonder if you're using our current address (as above).

If we do not receive a reply within one month, we will assume that you no longer wish to continue receiving our newsletter.

With all good wishes,

Linda Devereux, Coordinator, Homebirth Australia Inc
