Dear N.3 Homebirth assoc,

I thought I'd take the chance of dropping you a line while wrapping & sending these newsletters - we put this one together in our area & it has been quite an eye opener to see how much work is needed, a new dimension on midwifery.

What I write for was that I have paid 2 subs in the last 2 years & I have only ever received 2 newsletters - the first & one a few months ago. I have been sending you lots of stuff - A.R.M newsletters etc & hope to send you some more photocopies of articles soon. I have also given some newsletters from other groups to Joan Donnelly for all to see.

Maybe I could have some N.3 newsletters to keep in touch as I will come back one day!

lots of love &  
best wishes.

Veronica Muller.
