Dear Barbara,

Hi!! Thanks for your letter re Nambassa. I am really keen to do some of the work for this venture, but feel we will need a few more people to make it work. I rang Siar about it, she will be pretty busy at the time, and is away until just before, but will help if she can.

I'm going away myself for the next two weeks, but as soon as I'm back I'll get stuck into trying to drum up some more people and getting something up. I'm actually going to be in Waihi for the next two weeks helping with Nambassa organisation, so I'll be able to talk over with them the possibility and practicability of workshop/symposium type things.

Keep up the good work,

Regards,

Kit.
