Dear Andrew,

Thank You for your report and note.

Here is the promised translation of my friends' notes. My friend Siggi (or Dr. Gerstenberger in the report) lectures Theology at Sao Leopoldo University ^(until 1981) and is an active socialist in Germany, but a very careful one in Brazil. They think, all their mail gets checked for example, they have to be careful in discussion groups with students etc. Friends of theirs have written a report in ^{a social critical} ~~this~~ ^{published by the protestant + catholic missions in Germany} book: "Rise to Freedom", which I am trying to get in English. I hope the report is not too outdated.

Love to all of you
Renate

P.S. Dear Barbara,

please accept my resignation on the H.B. Committee. Miriam Shadbolt has taken over mailing and if I can, I will give her a hand. This month she managed all on her own.

I shall be forwarding approx \$20 from 2 flea market tables on behalf of the H.B.

One morning I sold some baby clothes ^{showed} at Titirangi Community House, plus ^{into} leaflets and book display. Good response and publicity in 3 hrs, but only \$ 10.- A few weeks later Chris and I went to Avondale Fleamarket for 2 1/2 hrs, and sold some more, again only \$ 10.- The rest of the clothes given to us, we had to give away to the Crippled Child. Society, we couldn't sell it even for a few cents. -

If there are any workshops coming up this year and you need helpers for diff. things give me a ring. Love Renate
