

The TARANAKI BRANCH of the NEW ZEALAND HOME BIRTH ASSOCIATION

21<sup>st</sup> July 1980

Katikara Farm,  
R.D. 4,  
Carrington road,  
NEW PLYMOUTH.

Dear Barbara,

Thank you very much for the newsletters etc. which I received a few days ago. Thank you also for the other information we received some time ago. It has been of great help to us in forming this new group.

We have at this stage had three monthly meetings and have formed a working committee. We have two prospective home births due now, but because of the lack of a midwife these will probably happen in hospital. We feel this is not so bad, and hope we can support these women so that their births are as good as possible.

At the moment we have no paid up members in our branch. This months meeting will hopefully bring in some members. I will then write and tell you how many we have. I would think that there will probably be about fifteen family subscriptions.

Thats about it from this end.

Yours sincerely,  
Joy Tarry
