

# The New Zealand Home Birth Association

Wellington Branch  
Box 11-412  
Wellington

14 April 1980

Dear Michael,

Thanks for your letters of 17th March and 6th April concerning the preparation of the conference and including the agenda. We are impressed with what your committee have arranged and several of our committee are going to make a big effort to be present. We are sure some of our members will attend too, when they have seen the agenda which we will include in our forthcoming newsletter.

I include an 'information sheet' setting out answers to the questions you asked.

We confirm that someone from our branch will speak in the opening address at the conference.

There are now two midwives in Wellington/Hutt area. Lyn McLean, (57 Queen's Drive, Lyall Bay, Wellington) will definitely be attending. Jennifer Sage, (77 Miromiro Rd, Lower Hutt) would like to attend but has not yet made satisfactory arrangements with a relieving midwife. She has one or two women due around the conference time. She will know shortly if she will be able to attend and we will let you know.

Yours Sincerely,

Jane McLeod,  
Secretary.
