Dear Michael,

I see my session written up as  
'Invited Address'

~ please I would wish to run  
it very informally - with questions  
or statements for from 'floor' and then  
I'll comment, discuss or whatever.  
~ perhaps issues raised over course  
of previous day and the earlier  
morning could be re-aired.

How do you feel about this  
approach ~ I'm sure that everyone  
is more likely to get something

EXTENDED SUPPLY.....ITEMS.....MONTHS

out of this type of session and  
frankly - at present I have not  
the time to prepare a formal  
hour address - as we have  
taken on the education of our  
oldest two children at home and  
that is keeping me fairly busy  
on top of my practice.

Regards

Dick Sched

I would appreciate travel  
expenses. - will be travelling by car.
