Dear Barbara,

Have been in touch
with Marilyn Waring's office
as requested.

She is at present overseas
& is not due to return until
1st May. She has been
advised that her secretaries
do not commit her to anything
while she is away, which
would then leave only 17
days to organize it. Secretary's
suggestion was that if the
conference were to be held at a
later date to have a letter
waiting for her on her return
requesting her to speak.

Regards
John M. Lee.
