June Connor 8175632

Rang her 19.1.80

The committee has no jurisdiction over hospital Boards. Advisory to the minister only. Barker is writing the report now. A draft though some material still has to be looked at. She hopes the report won't be too toned down. Next meeting March 5th. Recommendationx should come from the report to the Minister by mid year. Looked at the last meeting as if sensible things were coming through. There will be some changes. Feels Joans subs were not properly discussed and she will take some sug estions to the next meeting if we give them to her.
