Dear Barbara,

Yes another daunt  
believer in home births  
but disappearing more as the time  
grows nearer, hopefully the  
13<sup>th</sup> April.

I've been going to the doctor  
for my monthly check ups &  
everything is going beautifully  
have had not one problem.

The only ~~to~~ problem being,  
I'm 20 miles from Whangarei,  
Other wise my doctor says she  
would deliver me at home.  
Even that it's my first. I'm 25.

So you are my last hope,  
Could a midwife be found in  
the desolate north?

Look forward  
to hearing from you  
Yours sincerely  
M. Parr
