Dear Barbara,

I have sent this on to you just in case you haven't received this letter from Aussie. You can keep this copy, sent to me by Michael Connelly, because Aussie sent me another one. They all seem to think I am still the National Secretary. I'll keep it that way until our new national sec. is elected in May.

Thanks for the letter about Conference. I will reply to this properly at a later date.

Regards.

Henriette Kemp.
