The New Zealand Home Birth Association

Wellington Branch
Box 11-412
Wellington

Sunday 14th November, 1982.

Dear Auckland people,

I wish to express the appreciation of the Wellington branch for the use of the home birth video film you lent us. It was a popular feature of the seminar which we held on October 23rd. Pauline O'Sullivan gave the film to Lyn McLean to give to one of the Auckland midwives to return to the owners. We did have two copies made of the film before we returned it. One is for our own use, the other for the Polytech library so that there is a relevant up to date home birth film to show to nurse trainees. We hope that this meets with your approval, and apologise for not seeking your permission before doing the copying. The opportunity to do the copying came up just before the film was due to be returned.

I hope the video film is safely back now. We wish you success in your search for midwives and with the march.

Regards,

Margaret Gillanders
Secretary
