Dear Sir/Madam,

I am very interested in your Home Birth Association. I am a Nurse, and I'm undergoing a research project on Home Births, and I would appreciate any information about the service, especially comparing it to ~~the~~ Hospital Births. Also I am interested on Medical and Nurses feelings about the Home Birth movement, and how this affects your work. If you could provide me with anything in this way, I would be very grateful.

Yours sincerely  
Jenny Postow.
