Dear people,

Just wanted to send you this article on disposables - in case it was any use to the newsletter editors.

Also could you pass on the statistics form to the correct place for me. I'm doing the occasional birth again, or post natal care for friends or locals. All's well, I'm enjoying natural women to my own amazement, and don't feel too many conflicts in writing here and at home.

Kind regards
Kit.

P.S. If there's ever anything I can do for H.B., please let me know.
