I am compiling a list of topics that may be discussed by community discussion groups throughout Auckland, and matching these topics with a resource for speakers, demonstrations or displays. The occasions would probably be once only for each topic and the time duration about one to one and a half hours for speaking, questions, and discussion, on a fairly informal basis.

The purpose of the list is to present informal discussion groups with a wider range of stimulating topics than they may know of themselves, and in so doing give them the opportunity to make a more informed choice of topics.

The topics could be presented from different points of view according to the nature of the organisation and its work. For example, an organisation would talk about its function, structure, way of work, etc., or if appropriate, talk about the actual subject it deals with.

I am therefore writing to you to ask if you could provide a resource person, occasionally, to represent your organisation in this context, and if your organisation is agreeable to being placed on this list. Could you please indicate if your speaker would require payment in the form of a fee, petrol money, or neither.

If you would wish to telephone me with your reply, or to seek further information, please do not hesitate to do so.
