Dear Secretary,  
I am keen to undertake training as a midwife. I have written to Canberra 3 months ago and had no reply so I was wondering if any news had been received by the association about the direct entry midwifery course planned over there. Is there an address available of the hospital where the course is to be held?

I would also be interested in any other place in the world where direct entry courses are held. The UK is not practical as they only have one hospital doing this now (in Derby) and UK citizens get first option.

I am prepared to go almost  
anywhere to train and would  
be grateful for any information

Yours sincerely,

Dean Moran.
