

Dear Everyone,

20073-24-146

Creat to receive the last newsletter - sounds like  
N.Z HBA is getting very well established - so tempting  
when I read of sweetwaters and natural family  
planning clinics etc. etc (all those babes born at home!)  
Merryn and I have both now qualified as midwives  
(both H-3ers) Merryn will be home soonish - probably  
before xmas<sup>82</sup> while I am thinking of doing U.S.A  
though I am not sure. This spring we hope to  
go to the states together to meet lay midwives  
& see whats going on - we have quite a  
collection of interesting addresses. So as the  
number ~~has~~ of home birth midwives builds up  
in N.Z I hope the laws are not changing  
for the worse. I will try and find time to write  
and object. I still have an envelope with interesting  
bits of info for you I will try and build it up  
a bit more, and send it soon.

However the main reason why I write is  
because we (in Derby) are doing the next A.R.M  
newsletter. We are gathering quite a few  
articles but are not sure whether we will  
have enough to make a good sized newsletter  
we therefore wondered if we could print a  
couple out of the N.Z.H.B.A. Auckland Branch  
Newsletter No 14. Namely:  
"The Gentle Management of Birth" by Renate  
Morrison  
and "Ultrasound scans" by Joan Donnell -

By air mail Air letter  
Par avion Aerogramme

Be properly addressed

The homeopathic teething remedies.  
We will be going to print end feb. So please let  
us know within the next couple of weeks if you  
do not wish us to reprint them - acknowledgments  
will of course be made. I will try to do a  
little blurb on A.R.M. <sup>(For N.Z.H.B.A.)</sup> - which we saw mentioned too  
- so far a field - great. Lots of love to you  
all & see you hopefully in the not too  
distant future
