To Whom It May Concern

I am making general inquiries on behalf of a totally blind person whom I work with, who lives in one of our community houses which is part of the Community Living Programme.

He has asked me if there is a person/persons who would feel comfortable in allowing him to actually feel the birth of a child from start to finish. I know this is a tall order when I consider that birth is a private and personal matter within a family.

If there is someone who feels interested, you can contact me (or leave a message) on 774-389 ext. 868 (business) or 875-689 (home), and if you wish to take it further we could set a date to meet, so that all parties could get to know each other.

Yours sincerely

Paul Vardy
