Dear Brenda.

A quick enquiry about your video. Is it finished yet, and if so would a copy be available for us by Home Birth Week. If so we'd be interested in showing it - we're hoping to do a small "festival" of birth films and videos for that week. That plus library/bank window displays is our effort for the week. Maybe a radio talk or two if it can be arranged.

We will be going to a regional meeting in Dunedin in 3 weeks - good news from the deep south - a group and a midwife in Invercargill. We are recording a program for a one off Community Access radio at Polytech this week.

No luck so far with midwives - one possibility ^{for} from the country areas for next year. Ursula is very busy - 10 babies this month and 8 each month from Nov - Feb. She will probably leave for overseas then. She is being helped with post-natal visiting by other local midwives. So we hope somebody turns up soon - committee members who are newly pregnant (not me!) are starting to worry.

Hope all is well with the Auckland group.

Regards.

Alison Leake
