Dear Brenda,

labels?

Many thanks for the recycling labels. I have already used quite a few. I am a great one for recycling envelopes + no-one's birthday-card envelope is safe with me around.

I have sent 3 envelopes + 2 car stickers. I'm afraid I don't have many envelopes left as the postage charges went up and they recalled the envelopes. I hope that you will come up with a good design for the National Midwives Day. I would love to see it when you finalise the design. We have just had our AGM for the South West Homebirth Support Group and our "founding" midwife, Lidwin Jury, announced that she was moving out of the area and taking a "straight" job in a town about 700 km from here. It is a great loss to this area and for me. I have enclosed an interview that we did for "Homebirth Australia" - it may explain why we don't have many midwives out of the Metro area (2 only). I am at present having 4 wks "off" and regaining my strength for the coming busy months. One of my clients for Oct-Nov is a girl straight from N.Z. - Alison Holmes. She is very enthusiastic. It is the only way that we can change things - from the women upwards, not from the Drs or Midwives in Hosp. down. Keep in touch occasionally - + keep me in your thought. Take care, Mary.
