Dear Homebirthers,

As you are probably aware the Home Midwifery Association (Qld) together with the North Coast Homebirth Group is hosting the 1986 National Homebirth Conference.

I am preparing the agenda of workshop papers for the conference to be held over Easter at Mt Tuckekol, near Cooroy and Gympie. What issues and aspects of birth, homebirth, children, parenting, womens' role and rights etc. would you like to see discussed?

Would you be prepared to write and present a paper or can you suggest someone who could?

We are anxious to present an Australia-wide representation on the agenda so your contributions are vital.

If possible we would like to prepare a draft agenda by 4 August, the date of our next committee meeting. Could you please send your ideas to me by this date? We will try to determine a theme and let you know how it develops.

Hope you enjoy contributing to this exciting project. Yours in happy birthing and mothering!

letter sent 28/9
apologizing for lack of contribution
(letter lost amongst some of Brenda's
correspondence for a time)
will not be sending a rep. as
Joan involved in a birth
but would like info. to advertise
in newsletter about date, etc. UN
