Feeding babies 20073-27-013

routine

better for health.

forms of discipline

check wet/wind/hunger before let
cry it out

little unhappiness now better than
wrecking pattern later.

regular times bath/feeding/sleep
natural rhythm of body -

sometimes need help to set pattern.

try reinforce pattern you want -
pick up child when ~~crying~~ ^{happy} &
not crying.

Demand

Teaches infant food answer to
all problems.

cry attention

they live to eat rather than eat to live.

form of permissiveness.
