Dear Home Birth People,

My husband and I have just found out that I am one month pregnant. We are very interested in having a Home Birth. We have discussed it with our Doctor, who is very keen, but at present Home Birth are not allowed. He is going to write to our Health Department and Maternity Hospital. Could you please send any information that may help us. Also could we become members - How much does it cost? My Cousin had a home birth in Auckland and she had lots of ~~then~~ pamphlets about herbs, homoeopathy - could you please send that too. We hope to be up in Auckland in approx 4-5 months time - would it be possible to go to a Home Birth group. Thank you for all your help and look for to hearing from you.

Kathie and Daisy (Lifton-Roberts)
