Nicholette Emerson, Secretary
The Auckland Home Birth Association Inc.
P.O. Box 7093 Wellesley Street
Auckland, New Zealand

Dear Nicholette;

Some months ago, we were in contact with your organization and mailed to you several copies of our bi-monthly newsletter: Birth Issues. The reason I am writing now, is to ask if your organization has a newsletter and would consider exchanging newsletters with us rather than each group purchasing a subscription from the other. We would be very pleased to have regular news from your quadrant of the world, to gain a better understanding of the issues and work being done elsewhere.

If this proposal is of agreement with you, could you please send us your last issue or two and put us on your mailing list and we will do the same for your organization.

We are hoping to build up a closer network between various birthing groups and keep in regular contact so that we are all stronger and better-informed. Then we will truly all be -a force to reckon with. The division caused by NAPSAC's association with the abortion issue has been very damaging and there is a need to network around the world and create new solidarity.

We look forward to hearing from you. Keep up your work for the childbirth movement.

Sincerely yours,

Ann-Marie L'Arrivee
CAPSAC

P.S. I've included our most recent issue for your perusal. I am formerly the secretary of CAPSAC, and am now a hired employee primarily responsible for editing the newsletter. Correspondence should be directed to above address, but if you put us on your mailing list, you should use our mailing address:
