Attention:

Dear Madam or Sir,

I would like to join the Home Birth Association & enclose a cheque for \$20. I hope this will cover your minimum charge - if not, let me know.

I would like to know about G.P.s and also specialists, if any, who attend home births near me. Also the names of midwives who work in this area. Could you send me this information or direct me to someone who might know?

I am planning to have my second child in the next year or so, and would like to have a home birth.

Keep up your good work! I've been meaning to join for years but have only just got around to it.

Kind regards,

Yours sincerely,

Claire Chambers
