Dear members and midwives,
I am writing to you now because I want to come into contact with your organization on 24./25. 10.87 in

London. I attended the "Home Birth Conference" and there I talked with Mrs. Julia Strid from Ruakaka/N.Z., she was representing your organization at this conference and she gave me your address.

I told her that I'd come to visit your islands with the idea (perhaps) to run a practice in Germany (in the south, Freiburg near Switzerland) and I am working together with auxiliary midwives for taking care for home birth here in this region.

It is a new movement since the time when birth happens in 99% of the hospitals. But there are more and more women who want to get their baby at home. So I take care for the pregnancy, I come to birth at home and one week later and later on.

Tackling care for the growing family,
especially with homeopathic therapy.

The homeopathy is the central idea of
my medical work and - so I think -
it is a wonderful help esp. for the mid-
wife during home birth. So I had
a little workshop in London about
this theme, I think Judi Strid was
present and could tell you her experience.

- Now, all things are fixed for a
travel to New Zealand and I shall
arrive in Auckland at the end of
December (I accompanied by my wife and
my eldest son, 11) and I plan to
travel around the whole January.

I hope that I can meet some
of your organisation and perhaps some
midwife all over the country (domestic
midwife), so that I can get a real
impression of the home birth situation.
On the other side I will offer you a
lecture about Homeopathy during pregnancy,
birth and for the baby, if you are
interested. You ~~cannot~~ arrange a meeting with
your members and friends in the beginning
esp. the first week of January - if you want a
realisation of such a homeopathy - lecture
perhaps an evening? Let me know your opinion.
And please: Judi gave me the name of a
G.P. John Tilton, who seems to work in the same
way as I do, so I would be glad to get his address
(please send me!) and to meet him.
With best wishes and hopeful ideas, Yours F. Grief
