support

Dear Madame

Please find enclosed a small donation for your Association from our Liberal Studies Department at Kristin school. Recently we had Mrs. Pauline Proud here to speak to our sixth formers about Home Births. Instead of her receiving a small fee for doing this she asked that we send you a donation to you instead. This is the second year she has come to us and her message to us is very well received. by the pupils (boys & girls of approximately 16 years of age). So in about 10-15 years who knows how many of these will elect to have their babies at home.? We hope we have sown the seeds for their future families..

Thanking you,

Judy Johannessen.

Tutor, Liberal Studies.
