Dear HBNZ,

I used to belong to your association some years ago when I had a baby in N.Z.

I am looking for a midwife / doctor here to attend a subsequent birth. I would like to rejoin and perhaps purchase some back-copies of your newsletter if available.

Homebirth is non-existent here, but nevertheless have had some initial enthusiasm to my enquiries, but I would like some background information to show people so that they feel reassured that homebirth does exist elsewhere - hence previous issue of the newsletter would be useful.

Yours sincerely,

E.M. Winny (Ms)
