Dear Nichollette,

Thank-you for your note regarding donations for the negotiating fund.

The Waikato Branch is doing its utmost to gather donations for this fund but so far have had a very poor response.

Whilst committee members have donated generously the current climate in the Waikato is causing a decline in our membership and/or general apathy.

Two requests forms have been circulated in our last two newsletters and short of phoning people and attempting to embarrass them into donating, I believe we have done our best. We have been holding off posting our donation in the hope that the second plea would prompt reply - to no avail.

The committee shall endeavour however to continue to work at ways of increasing the contribution from the Waikato.

Yours sincerely

Aleenys Partos
