1. Why did you chose to have a home birth?

- I Wanted to be in full control with minimal interference

- No disruption for the rest of the family. I felt full of

confidence that all would go well and it did.

2. Where did you get your first information - Citizens' advice, Family Planning, G. P. etc.

I telephoned Citizens Advice Bureau.

3. Was your home birth all you had hoped for?

Everything I had hoped for and more.

It was like a dream come true.

I felt so proud of myself producing my third

and biggest baby 8lb 6oz with no pain relief and

no stitches. There is no where more comfortable and

easy than our own bed in ones own bedroom at home.
