Dear Sandra,

Thank you for your response. The midwifery Standards Review committee is as follows

Rachel Clarke - Co-ordinator

Joan Skinner - clears the mail box of consumer feedback forms.

Sue Tennox

Lynn Legge

Barb Cutler

Ursula Jeffer

Debbie van Houten - Homebirth consumer

Jo Miller - Parents Centre consumer

Jo Blakett is the woman who collates the consumer feedback forms. These are now charged out at \$3.25 each (excl GST) per

number received.

Could it please be passed at the next meeting that Jo receives a copy of the addresses of those midwives who are under review and sending their C.O.M forms to Jo for collation.

Administratively this would save a lot of toing & froing between Jo and myself.

I think the issues are the same as for myself - that she is working on confidential information for the College and is therefore trustworthy enough (and needs to) have access to the information to enable her to do that job effectively.

I look forward to hearing from you.

Regards

Dine.
